Tourist tax (Law 2/2016 on the Taxation of Tourist Accommodation on the Balearic Islands) NOT INCLUDED IN THE PRICE OF THE STAY.

We would like to inform you that the Balearic Parliament has introduced a new tourist tax applicable to stays in tourist accommodations located on the Balearic Islands. The tax will enter into force next 1st July 2016.

The tax will be 1,10 euros per person per day.

Any natural person (over the age of 16) staying in a tourist accommodation on the Balearic Islands is obliged to pay the before mentioned tax to the owner of the establishment where he/she is staying.

As a result of that and of our obligation to pay the tax to the tax authorities of the Balearic

Islands, we hereby inform you that, in compliance with the current Law, we will proceed to charge you the above mentioned tax before you check out.

The money collected from the tax will go to a fund promoting sustainable tourism.

The money will be used to fund projects encouraging a sustainable, responsible and high-quality tourism model, particularly projects that boost the preservation of the environment (nature, country life, agriculture and sea life), off-season tourism, historical sites and cultural heritage, research and development, education and employment.

The projects will be selected by a Committee for Sustainable Tourism Promotion made up of representatives of the Balearic Government, Island Councils, City Councils, economic and social stakeholders and other organisations. The job of the Committee is to draw up an annual plan and set the key annual goals according to specific territorial balance criteria.

In case you have any questions regarding the new tourist tax on the Balearic Islands, you can contact the Balearic Tax Agency by calling at 901 201 530.
